

**Subject: The One Show**

To whom it may concern,

My name is Hannah Smith and I work for Real Life Media productions a Television company based in Leeds. We are the major independent supplier for The BBC One Show.

For a series we produce for the One Show called 'The Day Britain Changed' we are hoping to find a retired police officer to participate in an interview to discuss the introduction of the Breathalyser.

Would you consider placing the following notice on your website? It seems like it would be the perfect place to put it.

Many thanks,

Hannah Smith

**BBC THE ONE SHOW**

**RETIRED POLICE OFFICERS REQUIRED !**

My name is Rosie Goodwin and I work for Real Life Media productions a Television company based in Leeds. We are the major independent supplier for The BBC One Show.

As part of a series we produce for the One Show called 'The Day Britain Changed' we are looking at the introduction of the Breathalyser and the impact this had on Drink Driving in the UK and the police's ability to prosecute people for this offence.

Our presenter for this item will be Rav Wilding and we would love to set up an interview with a retired Police Officer who remembers the introduction of the Breathalyser in 1967. We would discuss the public reaction at the time and how life changed after its introduction.

I'd love to chat to anyone if they have the time my contact details are as below.

With very best wishes,

Rosie Goodwin
